University of Omaha, Omaha, Nebr., Friday, Febr. 19, 1954

No. 17

## University Laments Death Of Professor Frances Wood

Students and faculty alike expressed the loss of Miss Frances E. Wood, 65, faculty member who died last Friday. Miss Wood, an associate professor in the College of Education, had taught her regular class schedule until she entered Council Bluffs hospital in January.

Dr. Frank H. Gorman, dean of the education college, said "We in the College feel deeply the loss of Miss Wood. Her genuine interest and untiring efforts in kindergarten-primary education have made her known to many people in the community who will share our great loss."

### Reading Lab Help

Aside from her teaching and guidance, Miss Wood developed the Reading Improvement Laboratory from an experimental group of 10 students into a full-time department handling more than 250 students a year.

President Milo Bail said "No one can estimate the length to which her influence has extended, but we shall all long remember the invaluable service which she rendered to the cause of education."

"She was a real friend and a real teacher" was the comment of her students. "Miss Wood would do almost anything to help someone who had trouble with classes, problems about future plans or even personal problems."

### Here Since 1928

Miss Wood, a native of Council Bluffs, had taught at the University of Chicago and Teachers College of Columbia University, where she received her master's degree. She had worked on her doctorate at the University of Southern California, Columbia and Northwestern University.

An avid leader in the education field, Miss Wood belonged to the Association of Childhood Education, the American Association of University Professors, American Association of University Women, Nebraska State Teachers Association and Kappa Delta Pi, national honorary education group.

## Hoff Returns From Capitol

Charles Hoff, vice-president-business manager, convinced Internal Revenue personnel in Washington, D. C. that the University should not pay excise tax on educational tours as the cost of the tours is "university money."

Attending the Tuesday Breakfast in the nation's capital with Roman Hruska was a highlight of Hoff's trip. Nebraskans in Washington attend the breakfast with Nebraska congressional delegates.

Hoff stopped in Atlantic City to meet with Col. Merlyn McLaughlin who will appear here during the Air Age Education Institute this summer. The executive committee of the University Aviation Association decided to hold their national convention here during the week of the Institute after talking to Hoff.

Eddie Rickenbacher will give the final address at the Air Institute. Hoff interviewed Rickenbacher informally in New York City.

## Iranian Statesman To Address Group

Nasrollah Saifpour Fatemi, Iranian statesman, will appear here Mar. 11 at the Town and Gown dinner meeting.

Dr. Fatemi is advisor to the permanent delegation of Iran to the United Nations and advisor to the Iranian delegation to the General Assembly. He has been governor of Fars province and mayor of the city of Shiraz. He publishes a daily newspaper in Teheran and edits a literary magazine. He is now on the faculty at Princeton University and teaches Oriental language and literature.

Photo by World-Herald  
Frances Wood . . . OU professor for 26 years

## Blood Donors Have Chance

Pints of blood donated during the coming Blood Drive will record OU's heartbeat.

The Red Cross Bloodmobile will be on campus Mar. 8. Alpha Phi Omega, men's service fraternity, is sponsoring the OU Drive.

Students who donate blood will be excused from classes after giving blood, according to Jay B. MacGregor, dean of student personnel. A goal of 200 pints has been set.

A demonstration of three people publicly donating blood has been tentatively scheduled before the drive. Participating in the demonstration will be Don Pfisterer, assistant dean of student personnel, John Courtright and Joyce Erdkamp. After donating his pint, Pfisterer will become a member of the Gallon Club.

Donor cards and parent approval forms will be available on the second floor in the center hall Mar. 3 through 5. Maynard Tatelman is in charge of the drive and Chuck French is publicity chairman.

## Educators See Need for Improvement

A former Nebraska rural school teacher, and now West Coast educator, stood on stage in the City Auditorium last week, pounded his fist on the rostrum and said: "Bad ideas . . . and complacency have killed millions of people. They are forces greater than the atomic bomb."

"Our strength lies in our ability to express and implement good ideas. Our channels to the search of truth must be kept open . . . no man can be free without access to the truth."

### Education Future

With this statement Dr. Alexander J. Stoddard, Superintendent of Schools at Los Angeles, recorded the entry of the United States into a new phase of its educational history—the future.

Dr. Stoddard was one of three speakers who took part in the Centennial Forum on Education last Wednesday night. His cohorts were Dr. Benjamin Fine, education editor of the New York Times, and the Rev. Vincent J. Flynn, president of St. Thomas College, St. Paul, Minn.

Dr. Stoddard, born in Auburn, Nebr., went on to say that colleges can "promote the pursuit of happiness" by making clear the "realities of life" and "improving the quality" of the principles under which we live.

## Frosh to Vote Girl to Council

A special election for freshman girl Student Council post will be conducted in the west lounge Wednesday between 9 a. m. and 3 p. m.

Candidates are Sandra Lipari, Chi Omega; Gerri Thompson, Alpha Xi Delta, and Jean Harrington, Zeta Tau Alpha.

The elected Council member will serve the rest of this semester. The position will be open with other posts at the spring election.

Only freshmen will be allowed to vote in the special election. They must present their activity cards at the polling place.

## This Week in Council Council Plans May Holiday

Chairmen of Ma-le Day activities were announced this week in Council by President Don Chase. Jerry Tannahill will be over-all chairman.

Parade and Dance chairmen are Bob Shropp and Derelle Blumer respectively. Joan Haven will be in charge of plans for the dance, and Donna Reynold will plan the presentation of Princess Attira XX.

Publicity will be handled by Rae Johnson. Chuck French will head the breakfast committee. Law Radcliffe will supervise the building of the Student Council float upon which the Princess will ride in the annual parade.

Shropp will present rules for the building of organizational floats at the Prexy Party Monday. Floats in competition must carry out the Centennial theme.

Presidents will meet Monday at 3 p. m. in the faculty club room. Student participation in producing next year's "Tom-Tom Revue" will be discussed at this meeting.

Rules for the election of Typical Freshmen will be submitted to the presidents. Prexies recommended that permanent rules be established at an earlier meeting. The rules have been drawn up by Rae Johnson, head of the committee, and Brad Pence and Pat Vogel, freshmen Student Council members.

### Wanted:

Gateway Circulation Manager. Anyone interested should contact Business Manager Bill Feddersen.

Alex Stoddard . . . former Nebraskan.

"Only with education can people appreciate that which is worth while among so much today that is trivial."

### More Teachers

He pointed out that the "task in the future of education" is in equipping the nation's school systems with more teachers and more

## Twenty-One Day To Ring Reminder

"To highlight responsibilities of citizenship" is the expressed purpose of the Twenty-One Day convocation next Wednesday.

Speaker Hal Lehrman has chosen to talk on the topic, "The Challenge of Europe to American Citizenship." Lehrman correspondent for *Fortune*, *Redbook* and *Commentary* magazines, is also the author of *Russia's Europe*.

## Felix Morley Will Speak

A noted journalist, educator and political scientist will be guest speaker at Commencement exercises in May. Felix Morley, writer of "State of the Nation" in the monthly *Nation's Business* magazine, informed President Milo Bail that he will speak at the forty-fifth annual Commencement Monday, May 31.

Morley has been editor of the *Washington Post*, president of Haverford College, foreign correspondent in the Far East, president and editor of Human Events, Inc., and director of the Geneva office of the League of Nations Association of the U. S.

He holds an A.B. degree from Haverford College, Ph.D. from Brookings Institute, D.Litt. from George Washington University and LL.D. from Hamilton College and the University of Pennsylvania.

A Pulitzer Prize winner for editorial writing in 1936, Morley has held a Rhodes Scholarship, Hutchinson research fellowship for the London School of Political Science and a Guggenheim fellowship.

## Eight To Travel To Lincoln Debate

Omaha University debaters will be in Lincoln, Nebraska, next Friday and Saturday for the University of Nebraska Debate and Discussion Conference.

Jean Bednar, Sharon Erdkamp, Gene Frese, Beatrice Hansen, Carolyn Nevins, Dick Poff, Ted Romberg and Arlys Welch will make the trip.

The topic for discussion is "Should the United States adopt a policy of free trade." In the discussion groups, Omaha debaters will talk on "How can present procedures and practices of congressional investigation committees be improved?"

### Special Seats

The center section of the auditorium will be reserved for everyone attaining legal voting age between Sept. 1, 1953, and Aug. 31, 1954, which is the current academic year.

Classes will be shortened on Wednesday to allow for the convocation. The first class will last from 8 until 8:35, and the second class will be from 8:45 to 9:20. The convocation will be held from 9:30 until 10:30. The third class will last from 10:40 to 11:10 and the fourth class will be from 11:20 to 11:50.

### Speaker's Class

Dean Jay B. MacGregor believes that the speaker for the Twenty-One Day convocation will be in the same "class" as the Oxford debaters who visited the campus last November. "The convocations have been excellent this year and the support from the student body has been wonderful," commented Dean MacGregor. He stated that he hopes that everyone will put the event on his calendar and will also note the shortened schedule for classes.

The convocation is presented each year to help students realize that Americans have it so easy that it is difficult to appreciate all the good things we enjoy. Rather it is well to pause and remember that citizenship has responsibilities as well.

President Milo Bail suggested last year at the first Twenty-One Day convocation that since brotherhood is the duty of citizens, it should be incorporated into Brotherhood Week.

## Nelson Heads AF Wing Staff

The new Commanding Officer of the Air Force ROTC Cadet Wing is Cadet Maj. Donald F. Nelson. Nelson heads the complete new staff which was announced this week by Lt. Col. Allan Wood, Professor of Air Science and Tactics. Appointed to the position of Special Assistant of the Commandant of Cadets for Public Relations is Cadet Lt. Col. Robert E. Ernst.

### Wing Assignments

Other Wing assignments are: Executive Officer, Cadet Maj. John F. Courtright; Director of Operations, Cadet Capt. James L. Sweetman; Air Adjutant General, Cadet Capt. Melvin D. Rousek; Personnel Officer, Cadet 1st Lt. David W. Meyer; Inspector General, Cadet Maj. Robert G. Guide; Special Assistant, Capt. Larry D. Peters.

Others are Band Group, Cadet Lt. Col. John A. Vana; Test Group, Cadet Capt. Kenneth C. Borchers; Sabres Co-Commanders, Cadet Lt. Col. Robert E. Ernst and Cadet Maj. Merlyn D. Fratt; Junior Jets, Cadet 1st Lt. Jerry M. Norene; Air Intelligence Officer, Cadet Capt. Frank W. Pazler.

The new Command positions are—Group Commanders: Cadet Maj. Harry Wise, Cadet Maj. Martin J. Klein, and Cadet Maj. Merlyn D. Fratt. Squadron Commanders: Cadet Capt. Edwin Marsh, Cadet Capt. John Peter, Cadet Capt. Frank W. Pazler, Cadet Capt. Larry D. Peters, Cadet 1st Lt. Melvin Weiss, and Cadet 1st Lt. Jerry M. Norene.

### Top Freshman

The first semester work of freshman cadet Bob Holsten was commended by the AF-ROTC office. Holsten is a member of the Sabres, the honor flight of the cadet wing, and a member of the color guard.

# Chizum, Heyden Develop Chess Skill; Memory Wins Over All in Blindfold Game

Chess has been played for centuries, but the pictured OU students, Bob Chizum and Claus Heyden, have developed their playing skill beyond the regular stage. These two seniors play Blindfold Chess, which is the same game except one of the players does not look at the chess board.

## Memory Sets Pace

In chess, each square on the board is given the same name as the chessman in back of it. Since each square has a name, the game can be played from memory. Bob and Claus play the game sitting back to back.

One of them has the board set up in front of him and plays the game in the regular manner. He moves his opponent's men where he is directed, and tells his opponent where he has moved his own men. Bob and Claus take turns being the blindfolded player, never looking at the chess board.

## Evenly Matched

When Bob and Claus play this game against less experienced players, one of the pair always wins, even when taking the 'blind' part. However, the pair are evenly matched in playing skill, and a game between them is a real contest. When they play each other, the one looking at the board wins.

Blindfold Chess is often played in chess tournaments and exhibitions.

Seniors Claus Heyden and Bob Chizum demonstrate their skill at playing chess the hard way, blindfolded.

## Student Teachers Take Mental Test

"Are you self-conscious about your legs? Do you think that people are against you? Do you sometimes wish that you were dead?"

If you think that sounds like a mental test you are correct. These are some of the questions that confronted the Introduction to Teaching students in a mental test last week.

The test is designed to discover the mental stability of the future teachers. Miss Hollie Bethel, supervisor, cheered her pupils by telling them that no one had ever been found to be neurotic.

## Professor Gets Lost

Dr. Wilfred Payne, professor of Humanities, will forever be accused on OU's campus of being the proverbial 'absent minded professor.'

Dr. Payne walked into what he believed to be his class in philosophy, and proceeded to lecture amid muffled giggles and laughs. Actually it was a class in Contemporary American Drama. At the end of approximately 15 minutes, the students informed him of his error.

Dr. Payne left to meet his philosophy class which was just about to give up and leave as he entered.

## Student Musicians Gain Outside Work; Want Fresh Music

The Traveling Musicians just stepped out of the story book onto the OU campus. Several school musicians have either joined a local band or have grouped together for one of their own.

The Kidd-Irwin (Bob 'n Jack) band organized last fall. They play at school affairs as well as professionally. Jack works piano magic into the many arrangements he does for the band. Bob, on the bass, does a bit of arranging, too.

## Local Bands

All but one of their fourteen-member-band have at some time played with local groups. Wayne Wagner once beat drums for Paul Neighbors and Lambert Bartlak.

The five sax men are all with outside bands. Don Chase, Jerry Hirsch and Leigh Fried play with Lee Barron. Tuffy Epstein works under Skippy Anderson. Steve Mickna is with the Omaha Symphony Orchestra.

## Extra Work Profits

From the trumpet section, Buzz Prettyman plays with Anderson and Bob Dain with Barron. Also in that section is Harlande Lantz.

Steve Schwid and Bob Edson, from the Kidd-Irwin trombone section, work under Barron. Steve also is a member of the Omaha Symphony Orchestra. Gary Jacobson is with another local band. Edson's arrangement of "Azure Te" is said to be outstanding.

Johnny Vana, with offers from several top-ranking bands backing him, does much outside work on his own and with the Omaha Symphony Orchestra. Art Randall is another active OU musician.

## Wants Fresh Music

"As far as to students at OU and high schools," says Irwin, "bands generally do not play the type of music that they want. They play to the older generation." The trick is to educate the group to what the band would really like to be playing.

Once a band's style is set, it is hard to switch to fresh music. Irwin thinks what Omaha needs is more modern dance groups in town. "And the only people who could get them are the new business generation. It's up to us for good music."

## arOUnd

### Miss Beauty Salon

Donna Rasgorshek, Tomahawk Beauty Queen, has added another title to her name. As Miss National Beauty Salon, "Rags" wishes to announce that any offers from Hollywood will be gratefully accepted. She prefers musical tragedy. Her voice is quite changeable—somewhere between Johnny Ray and Vaughn Monroe. The famous "Rags" hairdo is soft and simple, with deep waves.

### Dear Dick

What's all this about Dick Palmquist's fan mail? As Major Action on a local television program, Dick seems to attract favorable comments from persons of all ages.

### Lost and Found

Cheerleader Irene Hough got in a tight squeeze early this week. She missed the tight to her cheerleading outfit when she took inventory of her costume for the scheduled pep rally. Once around the parking lot, and she covered her fumble.

### Honors to Honor

A case of no rest for the past several weeks caused Honor Thorsen to collapse in the Brigadoon finale Saturday night. Honor did a commendable job designing stage sets and scenery for the play.

### An OU First

For the first time in Omaha, a half-hour television drama will be presented by local talent. "The Line of Duty" will be given by seven University students at 4 p. m., March 27 over station WOW-TV.

### 'Over the Top'

Senior Lyno Raupe gets the nomination for providing the most laughs this week. She was the picture of grace as she entered the Tomahawk office over the partitions. For relaxation Lyno smokes a pipe.

### 'Hummmmm'

Proof of the success and popularity of "Brigadoon" is heard daily in the halls. Practically everywhere you go someone is humming or whistling one of the melodies.

### Thanks WOW-TV

"Brigadoon" received free advertising from WOW-TV last week. The station viewed a series of flip cards during program breaks.

## Editorial

## Growing Athletic Support

The Quarterback Club has announced that it will expand its support of the University athletic program. Originally organized to back football, the group met this week and decided to back athletics on a year-round basis.

Recognizing the situation that men participating in athletics tend to use up employment time for sports practices and therefore are unable to work on a steady parttime job, the group set up an employment committee. The committee will help get athletes jobs during their off-season. There will be no handout jobs. Athletes will be paid for the hours of work they put in on their particular job.

The action is significant because it will help channel community interest to University activity. It is significant because it means that any student wanting a sound college education and still desiring to participate in athletics can still do so without serious financial difficulty.

At the same meeting, a special events committee was also set up. One of the suggested projects is an Alum-Varsity football contest to climax spring football training. Although the idea is in its infancy, and there are many problems which have to be worked out, the idea seems basically sound. It would serve not only as good experience under actual game conditions but would give players an added incentive to participate in the spring training program.

## Home-Bound Korean Vet Expresses Hope, Warnings

For weeks newspapers, radios and television sets have been shouting about 21 Americans who chose the Red standard. But what about the soldier who chooses to come home? Doesn't he rate publicity at all? Here is a letter from a home-bound infantryman:

"Notice of return. Issued in solemn warning this twenty-fifth day of January in the year 1954.

Have your daughters at the station. Fill the icebox full of milk. Get those civies out of mothballs, for very soon the above mentioned enlistedman will be in your midst—dehydrated, demoralized and demobilized—to take his place once again as a human being—with freedom and justice for all; engaged in life, liberty and the somewhat delayed pursuit of happiness.

### Crude Background

In making your joyous preparations to welcome him back into organized society, you must make allowances for the crude environment to which he has been accustomed for the past eight months; in other words, he might be a little Asiatic, suffering from Koreanitis, with tendencies for a neuropsychiatric evaluation definitely present.

Therefore, show no great alarm if he prefers to bow when meeting or saying goodbye to someone instead of shaking hands or greeting his sisters with a holy kiss. Keep cool when he pours gravy on his dessert and mixes peaches and mashed potatoes together.

### Asiatic Habits

Don't worry if he insists on sleeping in a sleeping-bag, and be tolerant when he takes the mattress off the bed and puts it on the floor upon retiring. And above all don't let it shock you if when he answers the phone he says "Yobosayo" instead of the traditional "Hello" and "Sayonata" in lieu of "Goodbye."

In a relatively short time he can be taught to speak and read English again. Never ask him why the guy down the street held a higher rank than he, and make no flattering remarks about the Air Force or the Navy, and above all never mention the Marine Corps in his presence. This man will go berserk if you mention "re-upping."

### Master of Love

For the first few months (until he becomes house-broken) be especially watchful when he is in the company of women, particularly beautiful specimens. After

months of seeing beautiful women wooed in the movies, he thinks he should be a master of the art himself. His intentions will be sincere and honorable despite common conceptions and opinions. He may have thoughts of marriage, but I don't think we can hold that against him.

Keep in mind that beneath his tanned and rugged exterior, there beats a heart of golden treasure. This will probably be the only thing of value he has left. Treat him with kindness, tolerance and to an occasional "malt" and he will be able to rehabilitate that which is now the hollow shell of the happy civilian you once knew."

—Sgt. Donald V. Hanson

## LSA's to Organize

A meeting to discuss the possibility of organizing a Lutheran Student Association on campus was held in Dean MacGregor's office Tuesday with the Dean, Rev. John Strom, mission worker for the American Lutheran church, and Willis Cramer, treasurer and publicity director of the organization in Omaha.

The purpose of the chapter would be to hold weekly devotional services and monthly fellowship meetings for interested students.

The University of Nebraska at Lincoln is the site of one of the student associations. A new building was erected and dedicated on the campus there last year for the use of the organization.

## 'Brigadoon, Performances Delight Weekend Crowds

By Joyce Erdkamp

An overly-ambitious project turned into a successful hit Friday and Saturday nights in the University auditorium. Playing to capacity crowds, more than 100 students and faculty members who helped produce "Brigadoon" should have gone home satisfied with a job well done.

The Scottish fantasy by Allan Jay Lerner and Frederick Loewe was a natural for the limitations of its performers. Superb casting and direction forced the utmost from every actor on stage during the two-act play.

### Crowded Stage

What was overly-ambitious was the fact that it was presented in spite of the University's inadequate facilities. Despite a stage far too small for the large chorus and many scene changes, the players managed to shrink themselves to fit the small area.

Top acting honors should go to Jerry Lepinski, Bernie Lainsen and Pat Norman. Lepinski's portrayal of the American Tommy Albright was played with enthusiasm and conviction. Lainsen's small part as the disappointed lover gave him several dramatic opportunities. Miss Norman was superb as Meg Brockie, the town scamp.

### Longville in Top Role

Ruth Longville can chalk up another remarkable record in her role of Fiona MacLaren. Her excellent voice combined with a good amount of acting ability added much to the musical comedy.

Patrick Lemmers played Jeff Douglas effectively while Duane Post exhibited a heretofore unknown talent in his character role of Mr. Lundy. Jackie Pedersen and Jim DuBois played the bride and groom well. DuBois' voice was excellent in his solo performances.

Others who lent depth to the cast were Marlene Hoffman, John Mitchell, Ted Romberg, Warren Hopson, Patricia Kavan, William Pierson, James Erixon and Robert Stryker. Ann Dull took over the part of Meg Brockie at the matinee Saturday for high school students and turned in a performance equal to Miss Norman's.

The annual student musical was under the able direction of Richard H. Brewer, Edwin L. Clark, Miss Mary Lou Niebling and James B. Peterson.

## Regents Meet; Approve Profs

Faculty appointments were announced for two new professors yesterday at the University Regents monthly meeting held at the Fontenelle Hotel.

Effective September 1954 are the appointments of Francis M. Hurst and Dr. D. N. Marquardt. Hurst who previously was an instructor in psychology at Omaha U. from 1949 until 1951, will return as assistant professor. He has an M. A. degree, but has been studying at the University of Indiana and expects to receive his doctor's degree in June, 1954.

Also announced was the promotion of Kilbourn Janacek from reference librarian to assistant librarian.

## Alumni Fund Drive Tops Last Campaign

The 1954 Alumni Fund workers have collected or received pledges for \$2,400 in the current drive.

This was announced at the final report meeting and smorgasbord dinner last Friday night with 40 of the 60 workers attending.

Listed pledges and contributions totaled \$2,400 or more than \$600 over last year's \$1,727.25. More money is expected to come in from surrounding states so the present figure is not the final amount.

The dinner last Friday ended the worker phase of the campaign. All contributions coming in before Aug. 31 of this year will be credited to the 1953 campaign fund.

Thirteen workers received two tickets each to either a basketball game or the spring dramatic play for their efforts. The team headed by Theresa Clark and including Erdice Baumgardner, Beth Baker, Jean Landale, Doris Cook, and Gunnar Horn received their tickets for having the most contributors of any of the teams.

The team captained by Christy Kara and composed of Bill Beebe, Dick Healey, Bruce Roberts, Keith Roberts, and George Reinhardt collected the most money of any of the teams and were also awarded tickets.

## Registration Indicates Enrollment Increase

Near complete second semester registration figures indicate that the University is continuing to expand. The enrollment as of Wednesday totaled 1550 in day school classes and 1500 in night school.

The total figure of 3050 compares with final enrollment of 2540 in the fall semester of 1952. This 510 increase in a year and a half is significant considering that schools usually experience an average 10 per cent drop in second semester totals.

Veteran enrollment stands at 398. This includes day and night school students. World War II veteran enrollment is 203 while 195 students are studying under the Korean War benefits.

Miss Alice Smith, Registrar, announced the largest class attendance in day school is Natural Science 102 numbering 121 students. Psychology 111 has the second highest enrollment with 15.

Miss Smith also requests that students contemplating schedule or class changes, should do so immediately.

When complete figures are released by the Registrar, the total is expected to be almost equal to last semester's number of 1658 day students.

## Music Group To Meet Here

Music teachers from Kansas, Missouri, Iowa, Nebraska, South and North Dakota and Wyoming will be in Omaha next Wednesday, Thursday and Friday for the Music Teachers District Conference. The convention chairman is Dr. James B. Peterson, president of the Nebraska Music Teachers Association and head of OU music department.

"It's going to be the biggest musical event ever to have taken place in Omaha. Some of the most famous music educators in the country will be here to discuss problems and techniques of music teaching," stated Peterson. A piano concert Wednesday will feature Willard MacGregor, American pianist. Rudolph Ganz will speak on "Music Teaching—USA" at a banquet held in the OU auditorium Thursday. The OU choir under the direction of Richard Brewer will sing at the banquet.

## Enjoy College Credit, Three-Week Vacation With Dr. Espinosa on Tour Through Mexico

How would you like to earn college credit for a three-week vacation? While most students will be attending summer school classes in the University's building, some lucky students, their families and friends will be earning their hours while touring Mexico.

Dr. C. S. Espinosa, head of the language department at OU, will conduct a special 21-day tour of our historic southern neighbor. There's no catch to it... Dr. Espinosa's "students" can travel strictly for fun or they may get college credit in history, education or Spanish.

### Little Classwork

The language prof is quick to explain that actual classwork will be at a minimum. Only five talks will be given during the trip. Dr. Espinosa describes them as "historical and cultural background

material so that the tourists may derive more benefit from their tour."

The trip sounds like an ad from a travel agency and it is. The group will board a Vista-dome railroad coach in Omaha at 8 a. m., Aug. 13. The following day, they will leave the train and cross the border to Mexico at Laredo, Texas. Travel in Mexico will be by deluxe motor coach.

### Mexico City Tour

The first three days in the land of sunshine and cactus will be a leisurely trip to Mexico City. Monterrey and Ciudad Valles will be the stop-over each night. The days will be filled with sightseeing.

After returning to Mexico City, the tourists will head northwest for a week-long expedition to San Jose Purua, Guadalajara, Guana-

juato and San Miguel Allende.

### Dance Fiesta

The travelers will have another free day in Mexico City in which to shop and attend a dance fiesta. The following day the group will board a Pan American plane for Laredo. From Texas, they will travel by train back to Omaha... arriving Friday, Sept. 2.

Dr. Espinosa revealed the cost is \$333—"much less than it would be if one were to travel alone." The fee includes transportation, accommodations, special events, insurance and all meals except those on American trains. If the student takes the trip for credit, regular tuition will be charged.

Reservations must be made by May 1 in the Registrar's office. A deposit of \$25 is necessary, to insure a reservation.

## Magazine Staff Sets Contribution Deadline

The staff will be the same... but the stories must be different. And so the editors of the Grain of Sand start looking for new material to fill the spring edition of the school's semi-annual literary magazine.

All types of prose and poetry will be considered. The job of sorting and choosing the best literary works will be handled by Anne McConney, chairman of the board; Hamilton Howard, Jean Turnbow and Susan Bivin. The deadline is Mar. 22. Material should be submitted to Dr. Ralph Wardle, room 315a.

# Finalists Named For Military Ball

The seven finalists for honorary positions at this year's Military Ball were named at an Arnold Air Society-Angels Flight Tea Dance last Wednesday noon. The girls are Jackie Pederson, Joan Willey, Pat Norman, Sharon Winner, Dona Wells, Corinne Houser, and Shirley Johnson. Joan Willey is Operations Officer of the Angels Flight; Pat Norman is Comptroller of the Flight. The rest of the finalists are new angels.

Seven finalists, instead of six as in the past two years, have been named as a result of a tie that occurred in the voting. Therefore, this year the honorary officers will include the honorary Colonel, two honorary Lt. Colonels and four honorary Majors. Final vote for the rank each finalist will hold will be taken at the AAS meeting Mar. 14. The positions of the honorary officers will be disclosed at the Military Ball, Apr. 2. The honorary officers will remain in command until next year's Military Ball.

Marilyn Sibert and Barbara Zimmerman Fischer, both past honorary Colonels will be present at the Military Ball.

## College Unit To Convene

Officers and sponsors of the OU Unit of Red Cross College Activities have been invited by the Nebraska University Chapter of Red Cross to attend a day-long conference in Lincoln, Mar. 13.

Panels and discussion groups have been planned for the morning session of the Saturday conference. The OU Red Cross delegates will be entertained at a noon luncheon by the Nebraska Red Cross Unit. The afternoon session of the conference will include trips to the various Red Cross service projects of the local college chapter.

A display of Omaha University's Red Cross activities will be shown at the conference.

Dean Mary Padou Young and Mrs. Marvin Grimm, Red Cross sponsors, will chaperone the trip. Red Cross officers who will attend include Marianne Bowley, Jean Schmidt, Mary Erion, Betty Ellsworth, Jo Olsen, Chuck French, Warren Hopson and Vicki Morris.

## Fashion Decrees Princess Silhouette

The college miss of Spring 1954 will have no choice but to look her most attractive self this year, for fashion experts and manufacturers all over the world have gone overboard to create just the right style for every shape and figure—"the empire princess silhouette."

This "empire princess silhouette" is characterized by a high fitting bodice, the wisped in wall-paper waist, and a fluttering billowy skirt (lined with Pellon to help give skirts a bit of sway).

Fabrics range all the way from cottons to silks. However, silk shantung, rayon surah, and silk pongee are to predominate. And patterned fabrics will take precedence over plain ones.

Soft, but eye-catching—these words best describe the new spring colors: pink, beige, pale green, but especially blue. Navy blue, powder blue, green-blue, blue-blue, and blue just as long as it's beautiful.

It also seems as though the scene has shifted in regard to direction as all eyes are being cast on the back of midlady rather than the front. The bodice dips into a swanback-V-neckline and unpressed pleats complete the picture.

To accessorize your new outfit—patent leather shoes and a bag, a pillbox hat, wrist length gloves, and butterfly colored jewelry. How could anyone help but feel like royalty in such alluring styles and heavenly colors that exemplify the "empire princess silhouette?"

## Club Hears MacQuiddy

Dr. E. L. MacQuiddy, Omaha physician, spoke on "Medicine and the Bible" at the dinner meeting of the OU Town and Gown Club last night. The dinner was held in the faculty clubroom.

## FTA Rushes Ed Students

A tea for all present and prospective members of Future Teachers of America will be given from 3 until 5 p. m. today in the Faculty Clubroom.

Anyone interested in becoming a member of FTA, regardless of whether or not he is enrolled in the College of Education, may attend. Members of the group will act as hosts and hostesses.

Dr. Milo Ball, president of OU, all deans of Student Personnel, and Dr. F. H. Gorman, dean of the College of Education, are to be guests. Miss Hollie Bethel and Dr. T. C. Johnston, sponsors of FTA, will also be present.

## Girls Attend Tea

Approximately 150 women faculty members and girls attended the All-Girls' Tea Feb. 10 in the Faculty Clubroom.

Maggie Claeson, Gayle Fried, Joanne Pierce, and Sheila Schwid, presidents of the four social sororities, served refreshments to the girls.

## Social Calander

Sat., Feb. 20

## SAACS to Hold Banquet Tonight

The Student Affiliate of the American Chemical Society and Gamma Pi Sigma, chemistry honorary society, will hold their annual banquet in the Faculty Clubroom tonight at 6 p. m. Dr. Fessler, Assistant Chief of Research of the nitrogen division of Allied Chemical and Dye Corporation, will speak on "Versatile Nitrogen."

Student recognition honors will be announced and a chemistry handbook will be awarded to the most outstanding freshman chemistry student.

## Pi Gamma Mu To Hold Panel

Communists in government offices—investigating committees—political theories! All these topics and many more will be covered at the panel discussion on "McCarthyism" in Room 209 at 7:30 p. m. Wednesday.

Pi Gamma Mu, Omaha University's Social Science honorary fraternity, is sponsoring the debate. Paul Back, social science instructor, will moderate the panel.

The discussion will be divided into three sub-topics. Joann Eastman will talk on "McCarthy, His Charges and Their Results;" Dorothy Friedman will cover "McCarthy, His Aims and Effects;" and Maj. Raleigh Steinhauer will discuss "McCarthy, the Man."

Following the panel speeches, the discussion will be thrown open to questions from the audience. The debate will be an open meeting and the public is invited.

## ISA's Plan Party

Members of the Independent Students' Association will get into the swim at their annual Splash Party, from 7-9 p. m. Sunday at the Jewish Community Center. Kay Kirk, chairman of the swimming party, stated that games and novelty relays have been planned for the ISA's and their guests. Max Burchard and Don Nelson will sponsor the event. Approximately 40 persons are expected to attend.

## Klein Names Candidates

Jim Klein, president of Theta Chi social fraternity, announced today the candidates for the title of Theta Chi Dream Girl. They are: Alpha Xi Delta, Marianne Bowley; Chi Omega, Marilyn Raupe; Sigma Kappa, Joann Maxwell and Zeta Tau Alpha, Carol Roberts.

The Theta Chi Dream Girl Prom, a semi-formal closed dinner dance will be held at the Rome Hotel from 6:30 p. m. to midnight. Bob Almen is chairman of dance arrangements. Bob Guide, last year's dance chairman will assist him. Jerry Norene is in charge of decorations and Don Digilio will MC the intermission ceremony.

Voting on the Dream Girl will take place at a regular chapter meeting. The winner will be presented at the dance with flowers and a gift from the fraternity.

## Faculty Club to Meet

The second monthly meeting of the OU Square Dance Club will be held at 8 p. m. tonight in the Auditorium. Caller for the dance will be Mrs. Orville Smith. Officers of the club are President, C. Glenn Lewis, business administration professor; Vice-President, James H. Brown, engineering instructor, and Secretary-Treasurer, Harlan Cain, director of auxiliary enterprises. Approximately 16 couples participate.

# IT'S ALL A MATTER OF TASTE

It takes three years of steady work To earn a Ph. D. It only takes one pack to know That L.S./M.F.T.

Warren Perry Northwestern University

When you come right down to it, you smoke for one simple reason . . . enjoyment. And smoking enjoyment is all a matter of taste. Yes, taste is what counts in a cigarette: And Luckies taste better.

Two facts explain why Luckies taste better. First, L.S./M.F.T.—Lucky Strike means fine tobacco . . . light, mild, good-tasting tobacco. Second, Luckies are actually made better to taste better . . . always round, firm, fully packed to draw freely and smoke evenly.

So, for the enjoyment you get from better taste, and only from better taste, Be Happy—Go Lucky. Get a pack or a carton of better-tasting Luckies today.

COLLEGE SMOKERS PREFER LUCKIES

A comprehensive survey—based on 31,000 student interviews and supervised by college professors—shows that smokers in colleges from coast to coast prefer Luckies to all other brands! The No. 1 reason: Luckies' better taste!

We're rooting for our favorite team! The arguments are loud. But smoother-tasting Lucky Strike Wins cheers from all the crowd.

Alice G. Ogden Santa Barbara College

In college crowds you'll always see Those packs of red and white—It's Lucky Strikes they choose to buy! Their flavor tastes just right!

# LUCKIES TASTE BETTER

CLEANER, FRESHER, SMOOTHER!

# New Local Social Fraternity Founded On OU Campus

## IFC Approves Phi Beta Chi

The Interfraternity Council voted favorably on the acceptance of a new local social fraternity last Wednesday. The fraternity, Phi Beta Chi, has been in existence on the OU campus for one semester, thus meeting one of the requirements of the IFC.

It is the first new fraternity to be founded and approved on campus since 1948. In addition to the above requirement, Phi Beta Chi has met the accepted financial obligations; its membership has been approved by the Dean of Students and it conforms to the general limitations of a social organization as set by the IFC and school policy.

Phi Beta Chi will participate in all social and athletic Greek affairs. It has entered the Interfraternity athletic competition and arrangements are now underway for an all-Greek dance. A formal pledge and activation banquet is also planned. The group will take an active part in Ma-je Day and in float and skit competition. Phi Beta Chi will take part in fraternity rushing this semester.

Regular Phi Beta Chi business meetings will be held every Thursday evening at the University from 7 to 9 p. m. The fraternity's colors are royal blue and white. The active pin is a gold and black shield inscribed with the Greek letters "Phi Beta Chi." The fraternity has not yet voted on the design of the pledge pin.

Faculty sponsors of the fraternity are Dr. Guenter Schmalz and Lt. Col. John E. Asp.

Officers of the new fraternity are Tom Starkweather, President; Jerry Schleich, Vice-president; Jim Gathmann, Secretary; Jack Cowan, Recording Secretary; Bob Stratbucker, Treasurer, and Gary Baltzer, Historian.

Other officers include Bob Dvorak, Chaplain; Terry Doyle, Athletic Director; Darwin Brehmer, Sergeant-at-Arms; Bill Albright, Social Chairman, and Harvey Ruthford, Pledge President.

Tom Starkweather and Jerry Schleich are the Interfraternity Council representatives. Jerry Schleich also serves as Pledge-master.

The memberships of Phi Beta Chi totals 42, thirty-one active and 12 pledges. The active members of Phi Beta Chi are Bill Albright, Dick Bailey, Gary Baltzer, Darwin Brehmer, James Bishop, Niles Christenson and Gerald Coufal.

Jack Cowan, James Duggan, Bob Dvorak, Dean Dyvig, James Gathmann, Doug Hadden, John Hemmer, Rich Kuttiek and Art Menzies are also active.

Tom Philpott, Dick Pulley, Terry Reynolds, Jerry Schleich, Tom Starkweather, Bob Stratbucker, Ralph Tait, Jim Trobough and Nathan Winter are among the active chapter.

Concluding the list of actives is Terry Doyle, Don Wilkie, Bill Ballenger, Sam Georges, Park Williams and Frank Peterleit.

The pledge class includes Ed Dezan, Eugene Holst, Bob Lampert, Harvey Ruthford, Larry Heady, and Jim Kanage.

Eugene Watson, Jerry Morris, Donald Hart, Lynn White, Bill Agee and Rod Ross complete the pledge group.

Jim Gathmann, Secretary of the fraternity, said the idea for the fraternity came to life last year when a group of students in the shack were discussing the need for another social fraternity on the OU campus. The group talked with representatives of several national fraternities and began their organizational plans. Phi Beta Chi became organized last semester and petitioned the IFC for acceptance this semester.

## Language Clubs Meet

The German club met last Monday from 6:30 to 7:30 p. m. in Room 209 to discuss its spring activities.

The Spanish club met last Wednesday at 5:30 p. m. Mr. Espinosa told the members about a forthcoming tour to Mexico which is open to anyone.

The French club has been having informal meetings at the homes of its members.

Last year the language department sponsored an all-school convocation on Language Day. They hope to give another program again this year.

Seated, left to right, Jim Gathmann, Tom Starkweather, Jerry Schleich. Second row, Darwin, Brehmer Bob Dvorak, Gary Baltzer, Bill Albright and Jack Cowan.

## OU Supports Angels, AAS To Convene 12 Honoraries

Of the more than sixty social, service, scholastic and special interest clubs at Omaha University, 12 are departmental honorary organizations.

Kappa Delta Pi, International education society, is the newest honorary group on the campus, being initiated Jan. 29. To be in this club, a student must be in the upper quartile of his class and carry at least six hours of education courses.

Students interested in music clubs can belong to Phi Mu Alpha Sinfonia or Kappa Mu Lambda, mens music fraternities, or Kappa Lambda Mu, which was founded to promote a high standard of ethics and music culture among women students of O. U.

Orchestra is a modern dance group where girls work on training their bodies to move in response to a demand for creative expressiveness.

Gamma Pi Sigma is a local group consisting of students with superior grades in chemistry.

Pi Gamma Mu, national social science fraternity, is open to junior and senior students with a grade average of B or above in 20 hours of the social sciences.

Alpha Kappa Delta, national honorary sociology fraternity, is open to graduating students with B or above average who are majoring in sociology.

Students interested in dramatics, not necessarily speech or dramatics majors, who have had approximately 360 speaking lines, one lead part, or who have done outstanding technical work, qualify for Alpha Psi Omega, national dramatics club.

The Club is for all English majors with a B average in nine hours of upper division English.

The Press club is considering forming a chapter of Pi Delta Epsilon, national honorary journalism fraternity.

## Jo Rentschler Is Delegate

Joanne Rentschler, president of Kappa Delta Pi, newly installed education fraternity, has recently been elected delegate to the National Convocation of the organization. The convention will be held Mar. 11-13 at Purdue University, Lafayette, Ind.

Miss Hollie Bethel, sponsor of Kappa Delta Pi, will attend the convocation with Miss Rentschler. Miss Bethel was chosen delegate from the alumni chapter of which she is president.

Beverly Pace, vice-president of the education honorary, was elected alternate delegate from the active chapter.

## Robbins Grad Director

Dr. Roy Robbins, new director of the graduate division, was introduced at the dinner meeting of the Graduates Club Wednesday in the faculty clubroom. Robbins is replacing Dr. Donald Emery, dean of adult education.

## Greek Dance At Riverview

Five of OU's social sororities and fraternities will celebrate Omaha's Centennial year with a cooperative "Centennial Hop," announced Ron Jenkins of Lambda Chi Alpha, who is overall chairman of the event. The party, including both square dancing and ballroom dancing, will be tonight from 7-11 p. m. at Riverview Park Pavilion. Mr. and Mrs. N. Ewing, the "Norval and Norma Square Dance Team" will call the square dances.

The five organizations participating in the "Centennial Hop" are Alpha Xi Delta, Zeta Tau Alpha, Lambda Chi Alpha, Phi Epsilon Pi and Theta Chi. Assisting overall chairman Ron Jenkins are co-chairmen Joan Willey, Alpha Xi Delta; Pat Norman, Zeta Tau Alpha; Maynard Tatelman, Phi Epsilon Pi, and Bob Almen, Theta Chi.

Sponsors for the evening are Dr. and Mrs. Robert Harper, Lt. and Mrs. John Plantikow and Mr. and Mrs. Robert Alexander.

## Greek Councils Use Open Bidding Setup

Both OU Panhellenic and Interfraternity Councils have replaced former second semester rushing with open bidding.

Sorority rushing started Monday and will continue through next Friday. Fraternity rushing will be held between 9 a. m. and 3 p. m., Mar. 1-Mar. 3.

All pledging will be taken care of through the Dean of Student Personnel Office. Information concerning rush procedures may be secured from that office. Any other questions should be taken to Joanne Pierce or Duane Post, presidents of Panhellenic and Interfraternity Councils respectively.

## Club to Attend Convo

Feathers, OU women's pep organization, and Pinfeathers, freshman affiliate of Feathers, will display their new issue of uniforms at the "Twenty-one Day Convocation" at 9:30 a. m. in the Auditorium Wednesday.

Feathers will be dressed in red skirts, white "little boy shirts," and white felt hats. The hats will bear the group's emblem, a red letter "O" with a black feather through it. Pinfeathers will wear either red or black skirts, white blouses and white felt hats. The hats will have the red letter "O" on them.

Both groups will come into the Auditorium as a whole and sit together.

## Feathers Plan Dance

The annual Joe College Dance, presented by Feathers, OU women's pep organization, will be held on the university's front steps May 14.

Joe College, a junior or senior student, will be crowned at this time by Dean Mary Padou Young. One candidate will be selected from each of the social fraternities and from the Independent Student Association. Don Maseman was last year's "Joe College."

Jo Ann Doyle, president of Feathers, announced Merrie Crozier chairman of dance plans. Marilyn Johnson will serve as co-chairman.

## Plans Begin for Conclave

The Arnold Air Society National Conclave will be held in Omaha this year at the Fontenelle Hotel, Apr. 16-18. Approximately 350 delegates and alternates from the United States, Hawaii, and Puerto Rico will attend. Last year's convention was held at Los Angeles, Calif.

A combination banquet-luncheon, Friday noon Apr. 16, will get the Conclave underway. Brig. Gen. Mathew K. Deichmann, Commandant of Air Force ROTC Headquarters, Montgomery, Ala.; and Gen. George Kenney, president of the Air Force Association and retiring four-star general, will be guest speakers.

A stag party for delegates and alternates will be held Friday evening at the Officers' Club, Offutt Air Base. A formal dance in the Fontenelle Hotel ballroom will be held Saturday evening for all those attending the convention. Tours of Omaha have been scheduled for Apr. 16 and 17.

John Haury, overall chairman for the Conclave, announced five sub-chairmen. They are: Dave Meyer, entertainment; Duane Post and Jim Klein, agenda; John Courtright, reservations, and Bill Beindorff, publicity.

## Greek News Greeks Plan Full Schedule

Lambda Chi Alpha pledges presented their big brothers with their paddles at a party the pledges gave for the active chapter last Saturday night. The party, a date affair, was at Camp Brewster in Johannes Lodge from 7-12 p. m. Jim Phillips was chairman of the party plans. He was assisted by Kevin Buchta and Roger Thacker. Dr. and Mrs. Robert Harper and Lt. and Mrs. John Plantikow sponsored the party.

Approximately a dozen Pi Kappas will attend the biennial Pi Kappa Alpha Regional Convention Saturday and Sunday at the University of Iowa, Iowa City. Duane Post, John White, Paul Hoff, Bob Darrah and Keith Hufford will be among those persons attending the convention.

Tomorrow night, Sig Eps and their dates are invited to a "Famous Pairs" costume party at the Rome Hotel from 8-12 midnight. Frank Pazlar, assisted by Richard Back and Bill Beindorff, is in charge of the party. The same committee will head plans for the all-Greek informal Sig Ep Sweetheart Dance Mar. 19.

Sigma Phi Epsilon pledges will be activated in a formal ceremony Sunday afternoon and evening. Monday, the active chapter will take the Sig Ep Alumni chapter to the last home basketball game of the year.

Phi Beta Chi's discussed and formally adopted a social calendar at their business meeting last night. Social Chairman Bill Albright announced that plans for a party and an all-Greek dance are underway.

Theta Chi's will formally activate their pledges at a ceremony Sunday from 7-9 p. m. Dave Meyer is chairman of the activation ceremony. His committee includes Bill Graddy and Darrell Githens.

## Angels, AAS To Convene

The monthly joint meeting of the Arnold Air Society and Angels' Flight will be held at 2 p. m. in the Auditorium Sunday.

At this time the position of Honorary Colonel will be discussed. Her two succeeding Honorary Lieutenant colonels and four honorary majors will also be discussed. Names of these seven top finalists were released at the AAS Tea Dance in the Auditorium Wednesday.

The second semester AAS staff will be elected, and 12 new cadets will be initiated into the organization. They are: Robert Almen, John Cottrell, Stanley Flenje, Robert Klage, Larry Peters, Kenneth Richards, Charles Schetzer, James Seybold, James Sorensen, Duane Sprick, James Wissert and Robert Zimmerman.

Progress reports on the Military Ball will be given, and further preparations for the National Conclave, Apr. 16-18, will get underway. Plans for a tentative Buffet Supper at Offutt Air Base, Mar. 7, will also be discussed.

## Bail Buys Coffee

Fred. Milo Bail picked up the check for 500 cups of coffee, 50 dozen doughnuts and 200 roses after Parent's Night at the OU-Peru basketball game Tues. with a grin. The coffee and doughnuts were served to parents and students who attended the game by APO service fraternity and Feathers pep organization. OU Dads received an identifying tag and OU mothers were given a red rose.

The free coffee and doughnuts reached places as high as the radio KOIL announcer's booth at the top of the south bleachers. Forty cub scouts from Pack 40 seemed to take as much interest in the doughnuts as the game, which no doubt attests to the quality of the refreshments.

## Your Red Cross Unit in Action . . .

Shirley Griffin, left, and Peggy McCormick, right, visit with cast members Warren Hopson, Ruth Wachinek and Jim DuBoise, after the Saturday matinee performance of "Brigadoon."

The curtain on "Brigadoon" rose 10 minutes late at last Saturday's matinee. Dr. Edwin Clark, dramatics director held the curtain for two 17-year-old girls.

The girls, Shirley Griffin of Ward, Ark., and Peggy McCormick of Elkins, Ark., are polio patients at the Polio Rehabilitation Center of St. Joseph's Hospital. This was their first outing since they were admitted in September and August, respectively—for neither can breathe without the aid of a respirator. Four nurses, an orderly and two Red Cross workers came with the girls.

The OU nit of Red Cross College Activities, with Chuck French in charge arranged for the respirators and wheelchairs to be set up on the balcony.

After the play, Shirley told cast members "it was so wonderful. The choir has so many fine voices in it—I enjoyed the dancing and singing."

# Torrid Omaha Team Takes Three Straight Victories

By Don Diglio

The Indians from Omaha went on a warpath, and rolled up three straight lopsided victories over stunned opposition.

Simpson College was the first victim, 71-56. Omaha University jumped into an early lead, and the outcome was never in doubt. Don Claussen led the attack with 23 points.

The Omaha five worked together, and they monopolized the boards. The victory was revenge for the Indians, who had dropped a 72 to 61 loss early this year. Shinrock Hits 36

Doane was the next team to suffer under the Indian's attack, 92-73. Fred Shinrock scored 36 points, setting a University record. He made 16 field goals. He was backed in the scoring column by Bob Mackie with 18 points, and rookie Howard Baker with 13.

It was the second time this year that the Omaha team has breezed to a victory over Doane. Earlier this year they handed the Tiger team a 72 to 41 lacing.

## Peru Beaten

Peru was next on the Indian's black list. They were out to avenge an earlier Bobcat win, and that's exactly what they did. After the first quarter, the Peru team was never in the running.

Sparked by freshman sensation Stan Schaezler, the OU five passed good, kept control of the boards, and set up a defense that completely befuddled the Bobcats. They scored only two points during the second period, while the Omaha team potted one basket after another. The final score was Omaha 74, Peru 44.

**Schaezler Torrid**  
The Red and Black did not look like the same team that dropped a 77 to 75 game to Peru. Schaezler was torrid, scoring 24 points, and was outstanding under the boards. He is one of the reasons why the Indian team has shown such vast improvement in recent games.

## Team Evens Record

Bob Moscrey and Bob Mackie have been working perfectly at the guard positions. Shinrock has found the scoring range after a mid-season slump, and the opposition has felt the change. Tom Mosiman has hit his stride, and is becoming one of the big play-makers on the team. The work of rookies Baker, John Morse, Bill Patrick, and Gary Whiteman have helped the improvement of the team considerably. Don Hansen has been seeing more action, and he is beginning to find the range, and dependable Don Claussen will be at his usual best in the games he is eligible for.

The Indians have brought their season's record to 10 wins and 10 losses. On Jan. 23, their record was 4 wins and 9 losses, "nuff said."

## OUWI Slates Girls' Tourney

The women's basketball tournament rolls into its second week. At the close of the tournament, an all-star team will be elected by OUWI members.

Remaining game schedules are: Independents vs. Zeta Feb. 23 Unaffiliated vs. Alpha Xi Feb. 24 Sigma Kappa vs. Chi O. Feb. 25 Alpha Xi vs. Independents Mar. 2 Zeta vs. Chi O. Mar. 3 Unaffiliated vs. Sigma

Kappa Mar. 4 Independents vs. Chi O. Mar. 9 Alpha Xi vs. Sigma Kappa Mar. 10 Zeta vs. Unaffiliated Mar. 11

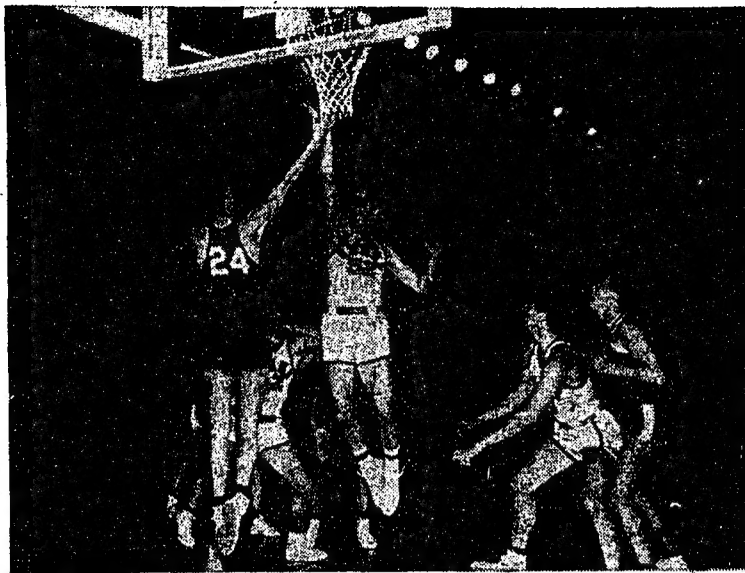

Five couples have signed for the mixed badminton tournament. The games will begin when the women's single tournament has been played. Finalists are Ruth Longville and Bev Peterson.

Miss Marjorie Baumann, OUWI sponsor, urges girls to participate in tumbling activities. Contact her for further information.

The seven United States college editors now touring the Soviet Union had the unhappy experience of learning that Russian students know all about the American idiom, "down the hatch."

The Americans ushered in the New Year with students of Moscow University. After each toast the Russians belted, "Down the hatch," and insisted that everyone comply.

Four of the seven American editors had to be helped to bed after numerous rounds of toasts. They were drinking vodka.

Schaezler (52) makes jump shot under basket during Peru tilt.

## Sig Ep Stops Mural Leaders

Sigma Phi Epsilon snapped Theta Chi's chain of victories Monday afternoon, defeating them 25-23 in the O. U. Fieldhouse.

It was the first loss in eight games for the Theta Chi cagers. The game was definitely a defensive battle, with neither team showing much offensive punch. Lowell Zeplin paced the winners with six markers. Don Magsman of the losers led all scorers with 13 points.

Lambda Chi took an easy 60-16 victory from the I.S.A. Monday afternoon. Bernie Lainsen contributed 24 points toward the Lambda Chi victory, while Bruce Miller of I.S.A. managed 7 points for the losers.

The Sioux team came out on top of a 33-30 decision Tuesday by defeating Pi KA. Don Curtis of the winners took scoring honors with 14 points. High scorer for the losers was Bill Steck, who had 12 counters.

Phi Beta Chi won by forfeit from the Pawnee team, and Lambda Chi took a forfeit from the Sioux team.

### Intramural Basketball Standings

	W.	L.
Theta Chi	7	1
Sig Ep	6	1
R.O.T.C.	4	1
Pi KA	4	4
Pawnees	4	4
Lambda Chi	3	4
P. E. Majors	1	3
I.S.A.	1	5
Phi Beta Chi	1	5
Sioux	1	5

### Interfraternity Basketball Standings

	W.	L.
Sig Ep	3	0
Theta Chi	2	1
Pi KA	2	2
Phi Beta Chi	0	2
Lambda Chi	0	3

In Intramural volleyball ball last week, P. E. Majors took the league lead by beating Pi KA and Theta Chi. Sig Ep took their first victory of the season, defeating Pi KA.

ISA remains on top in the intramural bowling race having won 22 matches, and dropping 8. Bob Shanahan of ISA and Bob Palmquist of Sioux are sharing top honors for the highest individual game. Each have rolled a 215 score. The highest individual series was rolled by Ves Mallory of Lambda Chi, who has a 588 series.

## All Lettermen Begin Workout

Lettermen, pitchers, and catchers are the only ones permitted to work out in the Fieldhouse for baseball.

"Bugs" Redden, former Omaha U second baseman, is in charge of the workouts until Coach Virgil Yelkin is through with the basketball season.

Because of the basketball court and the track team, everyone cannot come out until an official call has been made by Yelkin.

At the present time Redden is just putting the team through a conditioning process. Heavy drills will not begin until all those interested are out for the team.

## Club To Back All OU Sports

The Omaha University Quarterback Club held its first regular meeting since the football season to discuss the club supporting all sports on a year around basis.

The committee meeting, led by Bob Goodell, president of the club, voted to recommend that the club continue supporting the Indian football squad but also give their support to baseball, track, basketball, golf and tennis.

The group also set up an employment committee to secure jobs for athletes throughout the year. Athletic Directors Lloyd Cardwell and Tom Brock estimated that 30 jobs would be needed to aid all the job lacking athletes.

Alumni members on the employment committee are John Rosenblatt, city street commissioner; John Swanson of Nebraska Clothing, and Ned Leonard, the vice-president of the Quarterback Club and an agent for the New York Central Railroad.

A special events committee was also constructed which will promote special events to raise money for the club as well as to stimulate interest in the University. Committee members Rex Shober, Charlie Mancuso, Bill Rowles, and Pat Wilcox are all former OU lettermen.

One of the events suggested is an Alumni-Varsity football game to climax spring football practice. All of the suggestions will come before the full Quarterback Club meeting in two weeks.

Alumni secretary Tom Townsend said the amount of enthusiasm shown at the meeting certainly spoke well for the club.

## Peru's B Team Edges Papoose Squad, 57-54

Omaha University's B team basketball team dropped a close 57 to 54 game to the Peru Bobcat's B team Tuesday night.

Coach Larry Johnson's squad is playing about 500 per cent ball. Dean Thompson, Keith Carlson, and Ken Korinek have been playing good ball for the Papooses. Coach Johnson stated that his team has been improving their passing and shooting each game, but he said that they need a lot more work on their free throws.

Most of the little Indian's losses have been by narrow margins, and that is where the free throws pay off.

B team basketball is one of the best ways for a freshman to gain experience in preparation for first team duty. OU fans should come a little earlier and watch the Papooses in action.

## Dramatic Group To Give Telecast

Yesterday auditions were held for the Mar. 27 TV production, "Line of Duty." The results of the auditions have not yet been announced.

It will be the first half-hour TV show for the University players. It is a dramatic play similar to the recent production of Orwells "1894", presented on CBS television.

## Rockhurst Seeks Revenge Tonight Against Indian Five

The University of Omaha basketball team will be out to make it two in a row over Rockhurst College tonight in Kansas City.

Rockhurst loomed as a heavy favorite the last time the two teams met on Jan. 30, but the Indian five breezed to a 90 to 76

victory in the OU Fieldhouse. Only heavy substitution prevented the Omaha team from scoring 100 points.

But the K. C. squad should prove to be much tougher on their home court, and they will be out to avenge the early humiliation by the Red and Black.

Jack McCloskey, who scored 16 points against the Omaha team on their last meeting, should prove to be a tough problem for the Indians, especially on his home grounds.

### Wayne Next Opposition

Wayne University of Detroit will provide the opposition for Indians Feb. 22. Wayne will probably be the toughest team the Omaha team will meet all year.

During the past four years Coach Joel G. Mason's squad has floored an excellent team.

At the end of the 1951-52 season the Tartars had hung up a nifty record of 19 wins and 6 losses. During the '52-'53 season they had a record of 14 wins and only 6 losses.

### Greenberg High Scorer

Jerry Greenberg, 6 foot 4 inch center, is the leading scorer on the team. He has an average of 16.5 points per game. Ron Porter, a flashy guard, is another one of the leading team scorers.

It will be the first meeting between the two teams this year.

Last night the Indians played Kansas State Teachers of Emporia. The last time the teams met, the OU five just edged the Kansas team 72 to 70.

The Omaha team has improved to a great extent. They have won four out of their last five games. Fred Shinrock has found the range once again, and he should be plenty hard to handle for OU opponents from now to the end of the season.

Tom Mosiman has developed into a fine player, and Omaha fans will be seeing a lot more of Tom in games to come.

### Nelson Quits Team

Lee Nelson, three year letterman on the OU team, has quit the squad. Lee stated that he will devote his time to his studies.

## Fieldhouse Site

Omaha University's Fieldhouse will be the site for two major events during the month of March.

Creighton University has rented the Fieldhouse Mar. 1, for the Rio Grande-Bluejay basketball game. A capacity crowd is expected. Bevo Francis, scoring sensation of the Rio Grande team is the big attraction.

On Mar. 2 the High School Basketball Tournament will begin, and seven teams are slated to compete in the three night tourney.

When you pause... make it count... have a Coke

## To Be or Not to Be

## College Editors Debate Eisenhower's Vote Plan

When President Eisenhower proposed in his State of the Union message that the voting age be lowered by constitutional action from 21 to 18, the general public had little to say.

But students in the nation's colleges did have something to say, and their words whistled through the halls like the wind. Some of their words found their way in the editorials of college publications. A sampling:

Wrote the Michigan Daily (University of Michigan), "President Eisenhower's plan . . . is long overdue. Many legislators on both the state and national levels have advocated extending suffrage to 18-year-olds, but the statements always seem to have the resounding ring of empty political promises and are never acted upon."

The Daily repudiated the argument that 18-year-olds do not have enough education, experience, and maturity to vote intelligently.

"At 18," continued the Daily, "they are just as well prepared to vote as they are at the arbitrary age of 21. They should be allowed to accept their political responsibilities and rights."

The Cornell Daily Sun (Cornell

University) took the stand that "President Eisenhower's proposal" is "based more on a wish to capture popularity than on a realistic appraisal of any merits in lowering the legal voting age. Lowering the suffrage age is, first, not at all necessary, and second, the effects in some instances will be harmful."

From the Daily Athenaeum (West Virginia University) came these words: "Despite their essential contributions to our nation," some Americans "are actually second class citizens."

"One argument against lowering the voting age portrays the 18-year-old as much too reckless and impetuous to be a responsible voter. Wouldn't a little enthusiasm be good for the present political system?"

Finally, The Gong (Maryville College) emphasized the "need for intelligent, informed voters." We need voters "who think for themselves, who can get through the external frosting of a political speech to the heart of it, and who can weigh its basic proposals for what they are worth. An 18-year-old is not yet accustomed or equipped to do this."

## Collegiate Capers

An editorial that we never finished reading, from the Sophian, Smith (for women) College: "Is a liberal arts education preparation for motherhood? Frankly we don't know . . ."

O. Henry was known for his surprise endings. The student council at Southern Methodist University is known for its surprise beginnings, shall we say.

The yhave a decorative water fountain at SMU. But it isn't in operation in the winter—because it might freeze. And it isn't in use in the summer—because there's a water shortage in the city that time of year.

Last week the student council voted to try to get the fountain flowing again. How are they going to do it? Simple as the ABC's. Use anti-freeze, and let it bubble all winter.

## Faculty Comments

Recently six faculty members presented their views on a panel discussion of Man's Right to Knowledge. Watch the Gateway for their comments.

## The Ivy Trail . . .

By George Georgeff

Publicity-wise, Dr. Alfred C. Kinsey's "female volume" has been suffering from a case of malnutrition after a muscle-bound sendoff in the nation's top magazines early last fall.

But last week, Kinsey's Sexual Behavior of the Human Female

received some nourishment from the pen of Dr. John J. Kane, head of the sociology department at the University of Notre Dame.

Dr. Kane, a specialist on marriage and the family, writes that Kinsey used statistics which are "questionably valid" and building upon them a philosophy which is "unquestionably invalid."

Continues the prof from Notre Dame, "Kinsey has invaded the field of social philosophy where his authority and ability can be severely questioned. His statistics cannot be projected on all American women."

But despite these drawbacks, Dr. Kane concedes that Kinsey's findings are the best scientific data available on the subject.

Dr. Kane warns against dismissing Kinsey as a "crackpot." Instead, "let's remember that while this book may do great harm, it can also do great good. If America is alerted to the decline of moral standards, and realizes the importance of religion in regaining them, we may all have cause to remember Dr. Kinsey with gratitude," he declares. Dr. Kane notes, "He likewise confirmed statements by religious leaders that religion is the most effective method of curbing immoral sex behavior."

"Again and again in the course of his investigation Professor Kinsey found that the devout Catholic, Jew or Protestant was least likely to engage in immoral sex behavior," Dr. Kane concludes.

## Subversive?

Eight months ago, the University of Wisconsin's Student Life and Interests Committee began an investigation to find out which, if any, campus organizations might be termed by the U. S. attorney general as "subversive."

Last week the committee, composed of students and faculty members, completed the investigation. It revealed that the Labor Youth League was the only organization on campus "which appears on the attorney general's list." The League has a membership of 15 students.

This revelation resulted in a University memorandum warning students of the "possible consequences of membership in organizations designated by official action as subversive." The statement read:

"The Labor Youth League is an organization operating under the laws of the United States and the State of Wisconsin. It may operate legally with no more hindrance than pertains to an artistic or social organization, and its members now face no immediate consequences because of membership."

"Membership in the Labor Youth League may have serious consequences for its members in the future; they may find it impossible to obtain federal employment; they may find it impossible to obtain employment in any industry working on defense contracts; and they may find it impossible to obtain a passport."

## Buckle Down

In recent years, thousands of words have been written and spoken about what a college education should be like. Last week these words were reiterated by the president of the University of Virginia—and they sounded more convincing than ever before.

Said the Virginian, "Today's students should be given a tougher, harder education. There is no longer a sense of stability in the world such as existed a generation ago. Students do not now have the time, with conditions as unsettled as they are, to waste four years at college."

"To lull a young man into a false sense of security through four years of loafing at college is a tragedy," he continued, "when this same man must then go out into our uncertain world. To have a student spend his time in half-hearted work is to do him the greatest disservice possible."

Virginia's president emphasized the need for a closer relationship between students and faculty members. Moreover, it was his belief that smaller classrooms would lead to improved teaching.

In concluding, he agreed that a higher level of education could be reached without curbing a student's enjoyment of his years at college. He urged educators to strike for a "profitable balance between work and enjoyment."

IN THE still of the night—high above a sleeping American city—an unidentified aircraft is spotted. In a matter of seconds a lightning-like jet interceptor takes to the air. Unerringly, with an Aircraft Observer showing the way, the Air Force F-94 Night Fighter speeds to intercept the stranger. The Aircraft Observer is the man behind the pilot—the officer who keeps America's planes flying on course and on target. Without him the Air Force couldn't do its job.

## What is the Aircraft Observer?

He's a Radar Officer . . . employing an all seeing eye that penetrates where human sight fails.

He's an Aircraft Performance Engineer Officer . . . knowing everything there is to know about his plane . . . keeping it fit for the skies and ready for action.

He's a Navigation Officer . . . plotting his plane's course . . . with an entire crew depending on him for a safe flight.

He's a Bombardment Officer . . . in full control of the plane over the target area . . . the Air Force Officer who "lowers the boom" on the enemy.

## What the Aircraft Observer gets

He earns over \$5,000 a year. His silver Aircraft Observer wings give him prestige and distinction, and he wears the bars of an Air Force Lieutenant. They mark him as the eyes, ears, and brains of America's Number One flying team.

## What it takes to be an Aircraft Observer

The Aircraft Observer must be sound of limb, keen of mind, and above all, must have the determination to be the best.

To qualify as an Aircraft Observer you must be, single, between 19 and 26½ years old, and a high school graduate. However, it will be better for you and the Air Force if you stay in college and graduate before you apply. Then you, too, can be one of the best . . . as an Aircraft Observer.

## WHERE TO GET MORE DETAILS:

Contact your nearest Aviation Cadet Selection Team, Air Force ROTC Unit or Air Force Recruiting Officer. Or write to: Aviation Cadet, Headquarters, U. S. Air Force, Washington 25, D. C.

## Nurse Beldora Tacke

Does your head ache? Is your throat sore? Or did you just stay out too late last night? If you have any of these afflictions the little lady in room 374 will be ready with a gaminsmile to help you. Beldora Tacke, school nurse, is always cheerfully present with an aspirin or a throat lozenge.

Apparently, 'Tacke,' as she's known at home, gets results, for over 25 students, staff, and faculty members drop into her office each day to get minor help. Tacke also treats an average of two gym injuries a week. Miss Tacke would like to clear up the misunderstanding about absences. Only those students who have been out with an infectious disease and do not have their Doctor's permission to return to class must clear with her office. Veterans must clear after every absence.

Miss Tacke took her training at St. Anthony's Hospital in Carroll, Iowa. She worked for awhile as supervisor of medical and surgical at St. Anthony's before coming to OU. Tacke is starting her fifth year as nurse here. During vacations and on her days off Tacke does private duty. She says this helps her to keep up on the latest techniques. Tacke is working on her degree which she hopes to "get someday." She insists that she has no hobby, but keeps busy with bowling, Chamber of Commerce, and church work.

Right now the whole health department staff is busy with mid-semester physical exams and health counseling.

## 'Jobs Unlimited' Set Woods' Office Code

What occupation do you desire? Doctor, lawyer, Indian chief, rich man, poor man, beggar man, thief? If you don't know John E. Woods, head of the Placement Bureau, will try to help you choose a vocation.

Woods said his biggest headache was with students who want to do something but can't decide. "The big demand now is for engineers," he said. Accountants, salesmen, chemists, and physicists are always needed. The most-applied-for women's jobs are nurses, home economists, physical therapists, and teachers. Woods considers teaching the best paid profession for women.

On one occasion a theater put in a call for a group of girls over six feet tall. Occasionally Woods finds students who want to be singers or actors, but he knows of none who have ever made a "big" on the stage. "Writers," he said, "are a pain in the neck. How you can sell an organization on hiring a writer, I don't know."

There are many opportunities for graduates in the so-called glamour fields—radio and TV—if they are willing to leave town. However, few applicants want to go outside Omaha.

## Color Scheme Aims To Create Comfort

Color schemes used in painting the University all follow a definite pattern, according to Jack Adwers, building superintendent. Colors for classrooms are selected on the basis of glare reduction, psychological appeal, location of windows, which department uses the room and, in part, by the colors preferred by the department.

However, since people's taste in colors vary considerably, not much emphasis is given to choices. The main objective is to lower the glare ratio as much as possible. Colors back of the blackboard are particularly important. A glare ratio of 1 to 5 is the maximum allowed, while in some cases the glare has been reduced to 1 to 3.

Whether the room is designed for continual use or for one of temporary occupancy, is also taken into consideration.

The foremost authority in the field is Dr. Darrel Boyd Harmon of the Texas Department of Education. His color schemes are used for schools throughout the country.

The ultimate goal of his campaign is to eliminate all the discomforts of the school classroom.

'Tacke' Tacke, school nurse.

Since September 148 University students have paid the \$1 parking violation fine. Fourteen have paid \$2; seven, \$3; two, \$5; one, \$10.

Two hundred fifty-five violators have been excused, generally because they were first offenders or non-students.

Mis-parked cars are tagged with a summons to appear in the Dean of Student Personnel office by the University custodial staff. License numbers are linked with names by calling the police. If a student fails to comply, he is sent a postcard asking him to appear. Ignoring this and a public address appeal, the University may proceed to separate an habitual offender from the student body.

### Frequent Violations

Students have the right to appeal a decision at the Dean's office.

The rules most often violated

are those prohibiting parking in the visitor's zone, the zone for handicapped drivers and parking that blocks properly placed cars.

The latter presented a real problem recently when a student was called from school for a family emergency only to find his car blockaded.

Restricted zones are marked with red or yellow paint. Drivers wishing to be considered for space in the handicapped area must first obtain statements of their disability from their own and the University's physician.

### Money to Union Fund

Jack Adwers, superintendent of buildings and grounds, asserts it isn't the fines that count but rather, "the matter of educating people to co-operate with one another."

The money collected through

fines goes into the Student Union fund.

A mimeographed memorandum on campus parking and traffic regulations—including all rules, procedures and a schedule of fines—is available in the Dean of Student Personnel office.

Iowa State College was recognized recently as the "granddaddy" of colleges and universities engaging in television activities in a feature article by the Associated Collegiate Press.

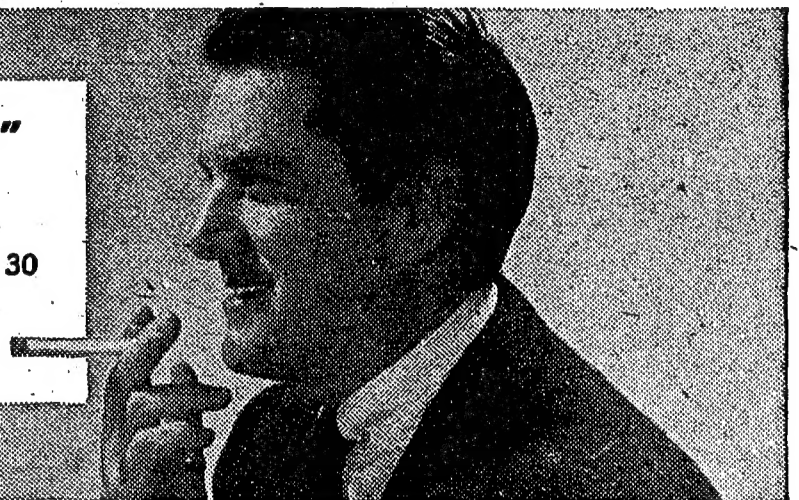

# Today's Chesterfield is the Best Cigarette Ever Made!

**"Chesterfields for Me!"**

*Michael O'Shea*

The cigarette tested and approved by 30 years of scientific tobacco research.

**"Chesterfields for Me!"**

*Deborah Kerr*

The cigarette with a proven good record with smokers. Here is the record. Bi-monthly examinations of a group of smokers show no adverse effects to nose, throat and sinuses from smoking Chesterfield.
